Dog-friendly planning

Mallacoota & Lakes Entrance

A little preparation for a comfortable coastal stay. Start with your dog's needs, then check the exact location, current conditions and dog-access signs.

01 Mallacoota outings

For a short walk, choose a permitted public footpath and allow room to turn back. Around Betka, the foreshore and Karbeethong, check council maps and onsite signs for the exact area. A beach or track name does not confirm dog access.

02 A national park day for you

Pet dogs are not allowed at Double Creek in Croajingolong National Park. Plan your visit without your dog and arrange suitable care first. Assistance-dog entry arrangements are separate.

03 Lakes Entrance options

Council lists a fully fenced dog off-leash area on Palmers Road, beside the Aquadome. Check signs and the dogs already using the space. Busy dog parks may not suit dogs needing a quiet outing.

04 Nyerimilang boundaries

Parks Victoria permits dogs on lead in the homestead precinct. This does not extend to the whole park or its walking trails. Check the current visitor guide and signs before visiting.

05 Pack familiar essentials

Bring usual food, bowls, a suitable lead and harness, waste bags, bedding and a towel. Have identification, vet details and an emergency contact ready. Confirm your accommodation's pet rules and care permissions.

06 Plan for the conditions

Some mapped beach and foreshore areas have restrictions from 1 November to 30 April. Check the exact zone. Ask your vet about suitable tick prevention and daily checks. Contact a vet promptly if your dog appears unwell or you find a tick.

Check before you go
